

Wellington

Dear New Family,

Welcome to Wellington! My name is Danielle Goldfarb, your school nurse. **To share the most current medical information about your child, please complete our online [Medical Information Form](#) as soon as possible.** This information helps me provide the very best care for your student while they are at Wellington.

We are required to have an immunization record for each student prior to the first day of school. Details about Ohio's immunization requirements for school age children can be found [here](#).

If your student is entering Little Jags or prekindergarten, please know that a physical exam report is required from your pediatrician before the first day of school and completed within the last 12 months. Please use the [Physical Exam Report](#) for this purpose. It should be faxed to 614-442-3286 or emailed directly to goldfarb@wellington.org.

A dental form is appreciated if your child currently sees a dental professional. Please submit a completed [Dental Report](#) to goldfarb@wellington.org.

Finally, before the start of the school year, you will be asked to complete an electronic emergency contact form through the Veracross parent portal. In the event that your child is ill or injured at school, this will be the first place we consult for emergency information.

If you would like to discuss your child's specific health needs, please reach out by phone or email. I am happy to address any health concerns for your student(s).

Sincerely,

Danielle Goldfarb RN, BSN, LSN
