It is the understanding of The Wellington School, that as hosts of an international student you will be assuming the role of “parent” for the international student and that the student will reside with you throughout the school year. Any change in residence must be pre-approved by the school, or the student will be in violation of their visa.

If the school recommends the student have any ESL support, you will work with the student’s family to fund and support the ESL recommended by The Wellington School.

The host family should be accessible by email and by phone and will communicate with faculty and staff at The Wellington School as needed. The host family is also responsible for transportation to and from The Wellington School and to other outside school events.

We understand the student may not take any unprescribed drugs, drink alcoholic beverages, possess false identification, drive any motorized vehicle or participate in any dangerous sport. We understand that OHSAA regulations prevent international students from competing in school-sponsored athletic competitions. International students may participate in athletic practices only.
